**Notes:**

Because our collection is unique sometimes things get damaged meaning: we are unable to replace them. At the time of your event, we may not have the exact items that are currently available. The tables and chairs 100% do not change. However, the vintage couch and table, as well as the bar, may be slightly different. These items receive a lot of wear. We can guarantee these items will be included, and in the same style, they might just not be the exact ones we have right now. We refuse to set anything at someone else's wedding that we would not set at our own, so when the quality of an item does not meet the standards, we replace it.

***Congratulations and thank you for your consideration!***
